Manager "Pop" Lytle was surprised to learn through the Intelligeneer yesterday that Manning, of Kansas City, was credited with having released pitcher Pardee to the Clevelands, of the American league. He at once wrote to Manning, asking why such a step had been taken in the face of the fact that Wheeling had purchased the release of Pardée for 110, the money to be naid when Pardee signed a Wheellease of Pardee for \$100, the money to be paid when Pardee signed a Wheel-ing contract. The Kansas City mana-er was informed that Wheeling would fight for Pardee to a finish. Messra-Lytle and Healy will collect all the cor-Lyue and Heavy will consect all the obrespondence in the case and present it at the meeting of the Inter-state league, to be held Friday in Cleveland, and will ask the support of the league in origing a fulfillment of the obligations of the Kansas City club to the Wheel-

The Wheeling management is not content with having signed a team that apparently outclasses all others in the league. Two new players have been signed and both are crack-n-jacks of signed and both are crack-n-jacks of the Atlantic league of 1859. One is Out-fielder Pat Meaney, who has fielded brillianity and batted .312 or over for the past five seasons. The other is Pitcher Leon Viau, late of Paterson, who is known as the "Beau Brum-mel" of the profession. He was once the winning pitcher of the Cincinnati National league club, and last season was considered one of the most effect-ive slab artists in the Atlantic league.

BOXING.

Eddic Gardner is matched to meet Billy Barret next Saturday night, before the Hercules Club, New York, and he and Oscar, his brother, will leave for there to-morrow afternoon. Harret has defeated Solly Smith, Frank Patterson and many others. Eddie will endeavor to put up the best he has on hand, with a view of getting matches before the more prominent. New York clubs.

The match between Eddie Gardner and Solly Smith, which was to have been pulled off in Wheeling, has fallen through, as the Metropolitan club officials were unable to hear from or locate Smith. In lieu thereof, the club expects to put on Jack Hamilton, of Troy, N. Y., and Oscar Gardner, about April 9. They will be matched at 122 pounds at 3 p. m., the day of the contest.

Talk of an early meeting of Jack Mc-Cleiland and Oscar Gardner has dwindled. The former wants Pittsburgh for the battle ground and the latter is willing, providing a capable and impartial reteree can be secured, although preferring Wheeling. McCleiland will hardly agree to straight Marquis of Queensbury rules and there may be a hitch on that score. Local sports hope that Wheeling will be selected as the location of the contest, should it be arranged. that they would rather refer the selection of delegates to the voters.

James Patterson was badly, if not fatally hurt, at the steel works yeaterday. A crane chain broke while lifting a huge piece to be loaded into cars for shipment, and when it dropped it caught young Patterson, breaking one of his less, injuring the other hip and his abdomen. His hjurles were dreased by Dr. Minesinger and he was conscious throughout the operation.

The Ariel Ladies' Sextette will close the lecture course entertainments here with a concert. The programme is very attractive, and as the committee providing these entertainments is behind with the financial end, it is hoped the public will help, them out at this closing one for the season.

There will be a "surprise" social at the home of Mrs. A. Kern this evening for the working society of the First Presbyterian church. A nice programme is arranged, luncheon will be served and a allver offering taken. Don't miss it.

The Laughlin nail mill may not get on to-day, as there is a difference between the 'feeders' and the management as to the price they are to receive per keg. The price to be paid by the company per keg was announced and the boys did not think it enough and stated that they would not go to work for that amount. No settlement has been made, but it is thought the irouble will be fixed up to-day.

The Intelligencer headlines yesterday as to the meeting of the county committee left the impression that Senator Archer was at the meeting and met a reverse. This is erroneous. The senator was at Columbus and did not even know of the result until yesterday, when he read the newspapers, and although his name was used, doubtless without his knowledge and consent, he was not a candidate actively seeking to secure control and to bar others, and this is written at the instance of friends and in justice to the senator. As a matter of fact, the whole committee felt that they would rather refer the selection of delegates to the voters.

BENWOOD,

News Notes From the Busy Marshall County Town.

Joseph Mahood, at present Benwood's street commissioner, has announced himself as a Democratic candidate for justice of the peace for Union district. Joseph will get the nomination with-out doubt, and the fact that he has to out count, and the fact that he has to buck up against a Republican major-ity of about 400, he said yesterday, meant that "he had everything to gain and nothing to lose." As the district elects two justices the other lamb from the Democratic fold hasn't material-ized, but Pete Mercer may consent to be the sacrifice, as Joseph's running

The street railway track transfer has been the means of creating an agitation for better alarm signals at the Balti-more & Ohio crossings, and the move-ment will likely take the form of a citizen's protest for safety gates or im-proved bell signals. When Benwood got its charter in 1895 the railroad promised satisfactory alarm signals, but the present service is unsatisfac-tory. The bells ring faintly and continuously, so that the approach of the trains is not definitely announced.

The funeral of Mrs. Hopkins, who dled at Anderson, Ind., occurred yes terday morning from the residence of her daughter, Mrs. W. W. Benson, on Main street, and it was attended by many friends of the family from Ohio and Marshall counties.

THE FIRST BABY.

its Coming is Looked Forward to With Both Joy and Fear and its Safe Arrival is Halled With Pride and Delight by All.

The arrival of the first baby in the household is the happlest and most important event of married life. The young wife who is to become a mother delights to think of the happless in store for her when the little one shall needs upon her breast and latterly she shall hear fellante the sweet and holy name, "mother." But her happy anticipation quicily vanishes when she realizes the terrible pain and swifering through which she must ness while bringing the little one into the world. An indescribable fear of the danger attendant upon the ordeal soon dissipates her joyfulness.

Thousands of women have learned by experience that there is absolutely no necessity for the saffering which attend child-birth; they know that by the use of "Mother's Friend"—a scientific liniment—for a few weeks before the trying hour, expectant mothers can be present the safely passed through with comparatively little discomfort.

All women are interested, and especially expectant mothers who for the list interested is readed event are entirely obvised and it is safely passed through with comparatively little discomfort.

All women are interested, and especially expectant mothers who for the less time have to undergo this trial, in such a remedy; for they know the pain and suffering, to say nothing of the danger, which is in store for them. "Mother's Friend" is woman's greatest blessing, for it takes her safely through the everest ordeal of her life. Every woman should be glad to read the little book "Before Baby is Born." which contains information of great value to all. A fire which might have proved very disastrous, was narrowly averted yesterday morning in the grocery of David Boston, on Bank street. An empty box sitting close to the stove caught fire while the clerk, Albert Boston, was at work in the front of the store. The stove is not far distant from the oil barrels and the floor under it is thoroughly saturated with oil, and had not the burning box been discovered when it was and before the flames reached the floor, the damage done to the building and the stock might have been great.
